

# LED PENDENT LIGHT

**UNILUX**  
Enlightening Imaginations

1. Excellent visual comfort dark light reflector combines maximum visual comfort with optimum light output ratio.
2. Design principle of conical lamp body and reflective cup to make its appearance and surface simple and generous. The light goes down and presents details on tables and counters - ideal for hotels, bars and restaurants. Added mid-century charm, specially developed full range sizes, available for your request.
